

INQUISITORS SOCIETY

Web Development Internship

Week 1 | HTML Tasks

CHAIRMAN

Muhammad Burhan Khan

Instructor: Seerat Shahid

TASK DAY

- Tuesday and Wednesday
- DAY 2 and 3 and submit before deadline after deadline no submission will be considered
- Submit file also on GitHub as well as Google Classroom.

Build Your Complete Inquisitors Website with Html

THE TASK

- Build a complete multi-page website for the INQUISITORS AI & QUIZ SOCIETY using only Html and HTML5. Create Home, About, Services, Projects, Events, Career, and Contact pages. Use semantic HTML5, navigation linking all pages, image/video placeholders, forms, tables where appropriate, and a footer with social media links. Do not use CSS, JavaScript, or any framework. The focus is on clean HTML structure, proper page linking, and well-organized content.

Create a GitHub repo, push your code, and submit the html file and be prepare **for evaluation conduct by leads after Thursday meeting**

Reminder: push your work to GitHub and tag Inquisitor society page after post it to LinkedIn

⚠ IMPORTANT NOTICE — READ BEFORE STARTING

This task must be completed entirely on your own, WITHOUT the use of any AI tool.

The use of the following (or any other AI tool) is strictly not allowed:

ChatGPT (any version) • Claude • Gemini / Gemini Advanced • DeepSeek • Qwen • Kimi • or any other AI/LLM tool

- Every submission will be checked and cross-verified. Coding style, structure, and approach will be compared with what has been taught in class.
- If your work is found to be AI-generated or AI-assisted, or if there is confusion/mismatch that suggests AI use, you will be awarded ZERO (0) marks for this task no exceptions.
- This task carries 10 marks and is part of a total evaluation of 20 marks.

- Evaluation will be conducted after Thursday's class, based on what has been taught to you so far.

Be honest, be original, and do your own work. This is for your own learning.

Thank You!

This document covers the Week 1 HTML task. Complete it on your own, follow the instructions carefully, and reach out anytime you're stuck.
